The main living room includes a 7.2 surround sound system integrated into the Control4 home automation system, allowing you to manage built-in speakers, lighting, and more with ease. Upstairs, you’ll find three large bedrooms, including a show-stopping primary suite with a gas fireplace, walk-in closet, separate laundry, and a spa-like 5-piece en-suite with dual vanities, soaker tub, and separate shower. A spacious bonus room and a full upper bathroom with dual vanities complete the level. The basement offers a theatre room with wet bar plus the well-designed 1 bedroom legal suite with its own full bathroom and access to separate laundry in the basement. Zoned heating on every level, central A/C, Roxul insulation, ICF foundation, 2x6 wall construction, HRV system, back-up generator, and Hardie siding ensure comfort, durability, and efficiency throughout the property. The fully landscaped, private backyard is surrounded by mature trees and comes equipped with underground sprinklers.
