Welcome to the Kalara—where modern design, flexible living, and everyday functionality come together in one beautifully planned home—now on one of Hotchkiss’s largest pie-shaped lots with a sunny, private backyard and a true walkout lower level. A bright, open-concept main floor connects the kitchen, dining, and lifestyle areas, all oriented to capture natural light and backyard views. The kitchen is a standout with modern grey cabinetry to the bulkhead, black hardware, white quartz counters, a stacked subway tile backsplash, stainless steel appliances, and thoughtful touches like pot lighting and clever storage under the island’s bar seating. At the front, a main-floor bedroom can act a versatile flex room or is the perfect spot for guests or multi-generational living—complete with a cheater door to a full 3-piece bathroom. Upstairs, a central bonus room creates an ideal media zone or reading nook, while the upper-level laundry connects directly to the primary ensuite for seamless daily routines. The serene primary retreat is complemented by two additional bedrooms for family or guests. Set on a traditional (not zero-lot-line) lot, you’ll appreciate extra side-yard space and easier exterior access. Downstairs, the 9’ foundation and true walkout design unlock outstanding potential for future development—think expansive recreation space, additional bedrooms, or a bright lower-level suite configuration (subject to city/municipal approvals and permitting). With its balanced layout, quality finishes, rare lot size, and room to grow, this Kalara nails comfort, function, and long-term value. And of course, the Hotchkiss lifestyle Tucked in Calgary’s southeast with quick connections to Stoney Trail and Deerfoot, Hotchkiss offers a quiet, up-and-coming community feel with new parks, pathways, playgrounds, and
