Tastefully updated and spacious, this bungalow in the highly desirable community of Pumphill offers over 4,000 sq. ft. of developed space with three bedrooms up, one down, and a total of three full updated bathrooms. The exterior features a fresh coat of paint, brand-new natural stone accents, and newly installed natural stone pavers at the front landing. Inside, the home has been beautifully updated with top end designer lighting package, all-new millwork and grand lofted shiplap ceilings, perfectly complementing the wood-burning fireplace, which includes a grandfathered gas igniter. There is a bright sun room with lofted ceilings including exposed feature wood beams that can be used as a sitting area or office. The kitchen and dining area are stunning, featuring modern quartz backsplash, ample updated cabinetry, a built-in breakfast nook, seating at the island, and a formal dining space. Top-of-the-line Miele appliances include a 36" induction cooktop, built-in wall ovens, and a Miele coffee maker. The main level boasts three bedrooms, including a primary suite with a walk-in closet, new built-in wardrobe, and an updated ensuite. The expansive lower level is designed for both relaxation and entertainment, offering a modern wet bar, a spacious entertainment area with new built-ins, a large gym, a games area, a dry sauna, a full bathroom, storage rooms, and a fourth bedroom. Additional features include central air conditioning, an irrigation system, a built-in vacuum system, and an attached double garage that has been freshly painted.
